

Mars Simplified Supply Chain Global Palm Oil Mill List

Mars is a member of the Roundtable on Sustainable Palm Oil (RSPO), a non-profit membership organization that promotes the growth and use of sustainable palm oil and since 2013, we have purchased 100% of our palm oil from RSPO-certified sources through the mass balance program.

In 2019, Mars introduced the Palm Positive Plan to transform the way we source palm oil. Since then, Mars simplified its supply chain to deliver deforestation-free palm oil in 2020. Our deforestation -free milestone is based on rigorous mapping, monitoring and management of our supply chain with independent third-party validation through partnerships with Earthworm Foundation and Earthqualizer.

The information below details our simplified mill list for H1 2022, including the Universal Mill List identification numbers so that the entire sector can track and recognize our sources.

UML ID	Company Name	Mill Name	RSPO	Country
